DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

2. Claim 22 is rejected under 35 U.S.C. 102(a) as being anticipated by Lang 6,749,249.

Regarding claim 22, Lang '249 discloses a mechanical lift system that is designed to open and a close a truck topper (14) from its side position by means of hinges (34) and a power lift arm (26).

Allowable Subject Matter

3. Claims 23-26 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments with respect to claim 22 have been considered but are moot in view of the new ground(s) of rejection.
